

***Dear Sailors,***

We would like to confirm that the Class Rules have been updated for '25 and the iQFOiL Games #1 in Lanzarote event will take place with the **8.0 for men** and **7.3 for women**.

### **Information on the 7.3 sails availability and delivery plan on early '25**

This plan reflects the expectations set by World Sailing (WS) and it is essential that we adhere to these guidelines to ensure the success of this initiative.

The primary goal is to deliver the 7.3m<sup>2</sup> sails globally around the same time, with the first event of the year (starting on January 28th) requiring the availability of both 7.3m<sup>2</sup> and 8.0m<sup>2</sup> sails.

We have asked the teams to submit their immediate and urgent sail requirements back in October. This will allow both the Class and WS to closely monitor the distribution process. To date, we have received a request for 300 sails for the first batch from all teams.

### **Production and Shipping Timeline**

We are in the process of producing a total of 400 7.3m<sup>2</sup> sails, which will be ready around the middle of January. We aim to ship all the sails within a two- to three-week window in January, which WS has approved. This applies to both SV and PD sails.

The first 100 sails will be prioritized and shipped to Lanzarote to ensure their arrival in time for the event that starts on January 28th. This timing is very crucial for WS. We will manage this coordination directly with the Sailors/Class/SV/PD.

Each Women Sailors that comes to Lanzarote to compete has access to one sail. Registering to the event is vital before contacting us to confirm the sail.

The remaining 300 sails will be available for distribution through the respective distributors. We plan to full fill all the requests from the teams as part of the first batch. Each distributor will receive the appropriate number of sails based on the demand from the teams in their respective regions or countries.

### **Other Important Information**

- **Luff Measurement:** 502 (490 mast + 12).
- **Boom Length:** 212 (compatible with 210–250 and GO 186).

Each Women Sailors are required to complete the following steps:

1. **Register and pay for the event,**
2. Fill out the [Sail Confirmation Form](#).

We will continue to work closely with all involved parties to ensure the distribution process proceeds efficiently and on schedule.

Should you have any questions or require further information, please do not hesitate to contact us: [info@iqfoilclass.org](mailto:info@iqfoilclass.org)
